8   Indexing & View

Create a view table with the same fields S_No, name, Designation, Branch in the Employee table and insert more records in the table.

```
mysql> select * from depatment;
+-----------------+
| Department      |
+-----------------+
| Engineering     |
| HR              |
| Engineering     |
+-----------------+
3 rows in set (0.02 sec)
```
